The William Winter Scholarship is named for William Winter (1836-1917). Known primarily as America's top theater critic during his lifetime, Winter was also an historian, poet and essayist. An Academy parent and member of the Board of Trustees, Winter established the Winter Library in honor of his son, a beloved Academy student, who died tragically in a sledding accident.

## William Winter Scholarship for Students Entering Grade 6

### *Our School*

As one of Staten Island's oldest educational institutions, and one of New York City's best, Staten Island Academy has stood as a beacon of educational excellence since 1884. Today, Staten Island Academy is the Island's only independent college preparatory school committed to offering students in Grade Pre-K3 through Grade 12 a challenging academic program on a safe and beautiful 12-acre campus. The Academy's mission is to provide a child-centered education of superior quality through a comprehensive program of academics, the arts, athletics and extracurricular activities.

### *The Program*

Each year, elementary and intermediate school students from New York City and surrounding areas compete for admission to Staten Island Academy under the William Winter Scholarship Program. Renamed in 2004 in order to commemorate Staten Island Academy's 120th anniversary and to celebrate our school's rich history, these prestigious awards are open to students who will be entering Grade 6 in September 2021. Students from all public, parochial, and private schools are eligible to participate.

- ❖ The William Winter Scholarships are awarded based on a combination of examination test scores, school transcripts, teacher recommendations and a personal interview to the finalists.
- ❖ Awards are not based on financial need.
- ❖ Grade 6 recipients are awarded 50% of the tuition in this year and that same amount is awarded every year that they are enrolled at the Academy.
- ❖ Awards are renewed each year. Renewal is contingent upon academic performance, good citizenship and contributions to the school community.
- ❖ The number of the William Winter Scholarships awarded is determined by the selection committee, based on the strength and diversity of the applicant pool in any given year.

### *The Application*

The application process for the William Winter Scholarship begins now. Please see the next page for a detailed road map and checklist. Applicants are asked to attend an Open House, which includes a tour of Staten Island Academy, take the ISEE (Independent School Entrance Exam) and interview with our Admissions Office.

### *The Admissions & Financial Aid Process*

Staten Island Academy provides need-based financial assistance to qualified families. Last year, SIA granted over \$2.5 million in tuition assistance. Financial grants are based on need and are adjusted annually depending on demonstrated need. The Academy's Financial Aid Committee determines financial aid grants upon completion of the Parent Financial Statement (PFS). **The PFS may be completed online at [ssbbynais.org](https://ssbbynais.org) after October 2.** Click on Complete your Parents' Financial Statement (PFS). Please note, because the deadline for the PFS is before notification of the William Winter Scholarships, we ask that you file your PFS paperwork so that your child may be eligible for regular admission with financial aid.

**These forms should be completed by December 31, 2020.**
